Air dates pushed back to March/April 2023

Due to production delays, the air dates for Series 3 have been pushed back to March/April 2023.

It turned our original target of December/January was just a little ambitious!

So this will allow us to “buy some time” to edit the programs, and not be so rushed to complete them. Revised airdates will be advised closer to airtime.

Our Series 3 Shoots are now under way!

Three shoots completed, more to come!

It's official now - shoots on series 3 are underway!

The first shoot in series 3 was a bout and training session with Dragon City Roller Derby in Bendigo, VIC. No interviews took place here, but we will be working towards future shoots here where we will interview some of their skaters.

Then shortly after, we went to Albury Skating Centre for a story about how the rink operates. This has led us to a further shoot in Wagga Wagga, NSW and Wodonga, VIC, where we visited the “Twin City Skate” Club, operating in both towns.

Further progress will see a couple of Zoom shoots completed in September for some international topics, followed by a return to Dragon City Roller Derby, Bendigo in October.

A special International Topic will be coming up in the series. Details can't be revealed just yet, but it will be of interest to skaters looking to try something a little different!

New episodes join the series!

Welcome to “Twin City Skate”!

After visiting the Albury Skating Centre with Stewart, it soon became obvious that we should come back and visit the “Twin City Skate Club”.

Twin City Skate Club is an Artistic Skating Club, operating in both Wagga Wagga, NSW and Wodonga, VIC, hence the Twin City name. In addition to Artistic Skating classes, they also offer Roller Discos to the community in Wagga Wagga.

Bec is the powerhouse behind the club, and is the main coach for the club, although new coaches are in training as we speak. The club is hoping to send its first artistic competitors to a competition soon, but that is just one aspect of the club. The main aim seems to be to enjoy skating, and enjoy learning the various artistic moves on skates. Best wishes to all at the club for whatever you hope to do on your skates!

It's Time to WATCH DIFFERENT!

The CTV+ App is now available on iPhone and Android!

You can now watch a selection of C31 Melbourne and 44 Adelaide programs on demand through the app, plus watch the broadcasts of the two stations as they go to air live on the app.

For further information, please visit ctvplus.org.au

Inline Plus will be considered for inclusion on CTV+ after the finished episodes have been previewed by the station.

All day shoot at Albury Skating Centre offered wide variety

An all day shoot on a Saturday in July at Albury Skating Centre offered a wide variety of views, as we followed the operation of the rink for a full day (and night!). From customers taking advantage of the quieter morning session, to the “Roller Disco” at night, we saw what it takes to keep a rink operational, and interviewed some of the customers.

We then interviewed the owner, Stewart, about what went into creating the rink, and preparing it for the public.

All in all, an interesting day learning about how a rink operates, and what customers enjoy about it.

Thank you to Stewart for accepting our invitation to be a part of Series 3!

Derby in the Dragon City!

One shoot is complete at Dragon City Roller Derby, with the main interview shoots and event coming up in October.

We will have more on DCRD in future issues of “Inline Plus Update”

Backflip on “NAT Web TV”

NORTHERN ACCESS
TELEVISION
Media for the community

Sadly, we have had to stop our experiment with “NAT Web TV”, (mentioned in the last issue) due to the high cost when converted to Australian Dollars from the US Dollar. However, we will work with NAT program producers to create an alternative service in the near future.

Stay tuned!
